DETAILED ACTION

1. The Applicants' amendment filed on June 23, 2005 was received. Claims 16-17 are deleted. Claims 1-3, 5, 7, 11-15 are amended. Claims 18-22 are added. Now, Claims 1-15 and 18-22 are pending.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

4. Claims 1-15 and 18-22 are rejected under 35 U.S.C. 112, first paragraph, because the specification, while being enabling for an elastomer-modified epoxy siloxane composition containing water, a polyfunctional amine curative agent, an epoxy resin having at least two 1,2-epoxide groups, an organometallic catalyst, an alkoxy or silanol-functional silicone intermediate and an elastomer resinous

Art Unit: 1712

intermediate having a specific functionality (page 2, last paragraph, page 4, last paragraph, page 13, last paragraph) does not reasonably provide enablement for an elastomer-modified epoxy siloxane composition lacking of water, any amine curative agent, any epoxy resin, any metallic catalyst, any silicone intermediate and any elastomer resinous intermediate. The specification does not enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention commensurate in scope with these claims. Furthermore, Applicants are advised to clearly indicate the support for the newly added Claims 18-22.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a). A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date

of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
